

LOCKNETICS®

ProEntry™ Access Systems

**PRO79
PRO79+**

**PRO78
PRO78+**

ProEntry™ keypads feature an on-board, microprocessor-based controller, which eliminates the need for a separate controller or software. Users can be added, changed, or deleted directly at the access control point via the keypad. The simplified design is ideal for smaller installations with a limited number of users and access points and uncomplicated access control management needs.

Hardwired ProEntry™ keypad systems are engineered for compatibility with virtually all electric locking devices. Battery-powered ProEntry keypads are compatible with battery-powered cabinet locks and strikes available from Locknetics.

IR Security & Safety offers a complete line of PRO products, which provide a wide array of new solutions for your access control needs. These state-of-the-art PROgrammable products offer a package solution that can secure a single door... or an entire building.

One-Year Limited Warranty

FEATURES

- On-board controller
- Pro Keypads – 20 code capacity
- Pro Plus Keypads– 120 code capacity
- Easily programmed at keypad
- Weather resistant for interior or exterior applications
- Narrow or single gang electrical box applications
- Multiple functions available: user, toggle, lockout, one-time use
- Anti-tailgate ProPlus keypads
- Red and Green LED's
- Available hardwired or battery-powered

BENEFITS

- Reduced installation time
- Can managed small to medium population or users
- Remove old and add new user in seconds
- Durable, long-lasting units
- Installation flexibility
- Access control flexibility
- Higher security
- Clear acknowledgment of codes, provide programming guidance
- Installation flexibility

ProEntry Keypad Systems

BP – Battery-Powered

4AA Batteries;
80,000 Activations

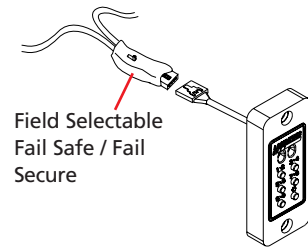

Battery-Powered (BP) versions are compatible with any Locknetics motorized, BP locking device.

HW – Hardwired

12-24 VDC, <100 mA
Output Relay 5A @ 30VDC

Hardwired (HW) versions are compatible with any electric locking device that requires 5A @ 30 VDC or less.

How to Order ProEntry Access Systems

1 Select Keypad/Controller

2 Select Power Source

3 Select Finish

EXAMPLE: Pro78+

Pro78+ - BP

Pro78 - BP - 605

1 Controller Selection

Pro78	ProEntry - Narrow Stile - 20 users
Pro78SF	ProEntry - Special Finish - Narrow Stile
Pro79	ProEntry - Single Gang - 20 users
Pro79SF	ProEntry - Special Finish - Single Gang
Pro78+	ProEntry - Narrow Stile - 120 users
Pro78SF+	ProEntry - Special Finish - Narrow Stile
Pro79	ProEntry - Special Gang - 120 users
Pro79SF+	ProEntry - Special Finish - Single Gang

3 Finish Selection

SF Finish Includes Housing and Keypad

STD	Stainless Steel
690	Dark Satin Bronze
626	Satin Chrome
685	Satin Black
612	Satin Bronze
605	Bright Brass
625	Bright Chrome

2 Power Source Selection

HW	Hardwired with cable
BP	Battery Powered with battery pack – includes 4AA batteries
